2016-2017 ANNUAL GIVING CAMPAIGN

Dear Members,

We are happy to report that thanks to your generosity the Annual Fund has met its goal for each of the last three years. This success allows the Society to continue its focus on the ever-growing needs of graduate students and contingent faculty for travel to our annual meetings and the costs of registration. Of course, your contributions have also kept down the costs of the meeting for all members and supported the invaluable experience of our Pearson and TLL fellows.

If we have been so successful in meeting our goals each year, why do we need to ask for more? For two simple reasons:

- 1) There are far more applicants for our travel and registration stipends than we can fund at their current levels. To help all of the deserving graduate students and contingent faculty who need this support, we would have to more than double the number of awards we currently give. We therefore need to increase the amount raised each year in order to support the next generation of classicists.
- 2) We especially want to encourage those who have not given before to begin giving this year. A gift is a gift, no matter the size; the main thing is to contribute. If you can only give \$10, that \$10 will make a difference to someone looking for a job or planning to attend the meeting.

Last year's goal was \$69,000, and with your generosity we reached it. This year's goal is \$71,000, all of which will go directly to ensuring the future of our profession. Won't you help to make that future bright?

We're all in this together.

On behalf of the Development Committee,

Ward Briggs

Dan Tompkins
